Webinar: 2015 SSI Validation Results

Monday, May 23, 2016 &
Wednesday, May 25, 2016

Suggested Audience: Hospital staff that participated in 2015 SSI Validation or those responsible for reporting, analysis or interpretation of NHSN surgical site infection data.

Objectives:

By the end of this course participants will be able to:

- Discuss the results of 2015 SSI Validation in California hospitals
- Recognize the advantages of using infection “flag” codes
- Identify areas for surveillance and reporting improvement

Sessions:

Sessions are identical. Hospital regions are suggested. Participants may attend either.
